SUMMARY

Recent Rutgers Mechanical Engineering graduate with demonstrated experience working with large amounts of data using AutoCAD. Currently enrolled in a Coding bootcamp where I have learned technical skills such as HTML, CSS, JavaScript, Git, GitHub, APIs, Node.js and more and have applied them to create multiple dynamic projects. Upon graduation this year, I will hold a Certificate in Full Stack Web Development. Eager to apply my creativity and problem solving skills in the streaming media field to optimize the user experience.

TECHNICAL SKILLS

VSCode, HTML, CSS, Media-Queries, Git, GitHub, JavaScript, jQuery, DOM manipulation, JSON, APIs, Bootstrap, Moment.js, Node.js, OOP, Express.js, SQL, MySQL, AJAX, ORM, Sequelize, MVC, MongoDB, NoSQL, Mongoose, Python fundamentals

PROJECTS

Weather Dashboard | <https://github.com/briandgomez/C6-Weather-Dashboard> | <https://bit.ly/2WOLsdZ>

- Displays current weather data and 5-day forecast for any state in the United States
- Sole contributor
- jQuery, JavaScript, DOM manipulation, CSS, Bootstrap, HTML, Moment.js

Employee Tracker | <https://github.com/briandgomez/C12-Employee-Tracker> | <https://bit.ly/3Djmfs3>

- Creates a database that tracks important information such as employee names, salaries, etc.
- Sole contributor
- SQL, MySQL, JavaScript, Node.js, npm

Password Generator | <https://github.com/briandgomez/C3-Password-Generator> | <https://bit.ly/2WTYJ5c>

- Creates random password based on users selected criteria
- Sole contributor
- JavaScript, CSS, HTML

EXPERIENCE

Engineering Aide

2018-Present

Rutgers University, Utilities and Operations

Surveyed and collected GIS data throughout all Rutgers campuses

- Coordinated with Rutgers employees and contractors about the status as well as the next steps for projects
- Create and edited civil engineering drawings using AutoCAD
- Multitasked multiple assignments to meet deadlines

EDUCATION

Rutgers, the State University of University, New Brunswick, NJ

BS - Mechanical Engineering

Certificate - Energy Concentration
